Professional Summary

Dedicated Computer Science student at Kibabii University with a strong focus on Networking and Web Design. Passionate about building scalable web applications and implementing innovative networking solutions. Experienced in developing a Job Portal System and Face Recognition Attendance System. A fast learner with excellent problem-solving skills and the ability to work in collaborative team environments.

Technical Skills

1. Programming Languages: PHP, JavaScript, Python, C++
2. Web Technologies: HTML, CSS, Bootstrap, jQuery
3. Frameworks & Libraries: React, Laravel
4. Databases: MySQL, PostgreSQL
5. Networking: Network Security, Routing & Switching, Cisco Configuration
6. Tools & Platforms: Git, Docker, AWS, Clerk Authentication

Projects

1.Job Portal System

Developed a functional job portal with employer and job seeker modules.

Implemented category management, user authentication, and job listings.

Used PHP, JavaScript, and MySQL for back-end and front-end development.

2.Face Recognition Attendance System

Designed and built an AI-powered attendance system using Python and OpenCV.

Implemented face detection and recognition algorithms to automate attendance tracking.

Integrated a database for secure storage and management of attendance records.

Education

Bachelor of Science in Computer Science Bachelor of Science in Computer ScienceKibabii University | August 2022 - Expected 2026Age: 22

Certifications & Training

1. Cisco Certified Network Associate (CCNA) - Ongoing
2. Web Development Certification - Ongoing
3. PHP & MySQL Advanced Certification - Udemy

Soft Skills

1. Problem-Solving
2. Team Collaboration
3. Communication Skills
4. Time Management

Languages

2. English (Fluent)
3. Swahili (Fluent)
